

RESPONSE TO RESTRICTION REQUIREMENT AND AMENDMENT

Page 20

REMARKS

In response to the restriction requirement dated April 9, 2007, Applicant elects to prosecute the claims identified as Invention 1 in the Requirement that include claims 1-24, 152, 153 and 193-220.

Applicant has cancelled the unelected claims from this application.

Applicant notes that the Office Action did not indicate which invention claims 46-50 correspond to. However, upon perusal of the claims, Applicant believes that claims 46-50 correspond to methods of controlling an infusion pump and therefore should be grouped with the claims associated with Invention 3. For this reason, Applicant has canceled claims 46-50.

No other fee in addition to the extension fee is believed to be required to enter this Response. However, if an additional fee is required, please charge Deposit Account No. 17-0055 in the amount of the fee.

Please feel free to contact Applicant's attorney if you have any questions or need any information in this regard.

Respectfully submitted,

CARLOS DE LA HUERGA
